A communication was received by Mayor Lang this morning from Seattle, Wash., saying that it had been reported that the country that there was an abundance of work there for all kinds of mechanics and laborers, and many men were drifting in without means, only to find that there was no work. ## GILLEASE HERE.

## MEMPHIS OFFICIALS COME UP TO LOOK AFTER

Transportation Power—Dispatcher's Office at Newbern a Success—Notes of the Illinois Central.

Assistant General Supt. M. Gillease, Supt. Philbrick and Trainmaster J. J. Flynn, of Memphis, came in at 7:40 this morning and spent the day in the city. It is understood they came up to see about power, much of which has within the past few weeks been disabled on the Memphis division.

Trainmaster J. J. Gaven, of the St. Louis division, came over this morning to go back with the excursion.

Traveling Auditor C. W. Titus, of Louisville, was in the city today en route to Hickory Grove to check in Mr. Waller, as agent, who resigned about two months ago but now resumes the place.

Mr. Frank Kennan, of Terre Haute, a nephew of Engineer Henry Fritz, is here to accept a position as yard clerk for the Illinois Central.

It is said that the new dispatcher's office at Newbern is working admirably, and will probably be made permanent. Dispatcher W. L. Bennett, however, will probably return to Paducah in the course of two or three weeks and resume his position here.

G. M. Hubbard, of Jackson, supervisor of bridges and buildings on the Jackson division of the Illinois Central, was the victim of a serious accident several days ago, near Bardwell. He fell from a high trestle, and his injuries were of an internal nature, and very painful. Mr. Hubbard was carried to Jackson and has been confined to his room ever since. One of his kidneys was paralyzed. His many friends will regret to hear of his misfortune and hope that he may be well in a few days.

## You're Not Safe

From burglar's intrusions, however careful you are, but unintentionally leave openings for "gratuitous" entrance to your home and business place. A policy in the Ocean Guarantee Corporation insures you against loss by their intrusions and unlike any other, it covers your property whether vacant or occupied. Costs you nothing to know the details of the policy and not little to know its protecting arm about your property.

It will protect your residence for one year, either occupied or vacant.

## NO SCARE. NOT A PUPIL REMAINED OUT OF SCHOOL—PROF. HATFIELD'S IMPROVEMENT.

Supt. Hatfield is very much gratified with the results of a discovery of smallpox in Huntington Row. After the discovery it was learned that some of the children at the infected house had been attending Jefferson school. The vaccination certificates were examined and all pupils not having a certificate of satisfactory vaccination were required to be vaccinated again. All the pupils remained in school, not a one remaining out on account of the smallpox discovery.

Supt. Hatfield is putting into practice an excellent plan for improving the method of teaching among teachers of the grammar schools, and for arousing enthusiasm among the pupils. He teaches a class in the grammar school himself nearly every day, and finds that good results along the above line follow. There are 44 classes of the grammar grades.

## MEDICAL SOCIETY.

THE DOCTORS RESOLVE THAT THEY WILL HAVE NO BIDS ON WORK.

Last night's meeting of the Medical and Surgical society was prolific of much talk, but very little was done outside of the passage of a resolution to the effect that no member of the society will at any time make a bid or contract to do the practice of any corporation, union, secret society or other organization.

This resolution is an answer to the committee from labor organizations that asked for bids from the doctors to do union practice.

## SMALL BLAZE.

THE WHARFBOAT CAUGHT FIRE BUT WAS ONLY SLIGHTLY DAMAGED.

The upper wharfboat caught fire this morning about 5 o'clock near the pump boiler, and an alarm of fire was sent in. The blaze was extinguished in a short time before damage over a few dollars was entailed.

## DEATH OF MRS. WOLFE.

Mrs. Artemisia Wolfe, aged 69, died at 1201 Jefferson street last night from a complication of diseases. She was mother of Conductor Wolf, a member of the Baptist church, and a most estimable lady. She leaves several children in other places. The remains will be taken to Spencer, Ind., her former home.

Attorney L. K. Taylor, a creditor, today took an appeal in the county court from Judge Tully's decision refusing to make him administrator of the estate of H. B. Carper, formerly of Marshall county, who died in Mechanicsburg several weeks ago. The estate was placed in the public administrator's hands.

Lord Lansdowne Says England and Russia Have Once More Withdrawn Their Troops.

## ALL IS NOW QUIET AT TIEN TSIEH

Reports Are Out, However, That Russia's Representative Had Demanded an Apology From the British Government.

## THE WORST FEELING, HOWEVER, SEEMS TO BE OVER

London, March 21.—The situation in China again takes on a brighter aspect. Lord Lansdowne, the foreign secretary, says that Russia and England have again withdrawn their troops from the disputed territory and will leave the question of the title to the land to subsequent investigation.

## FEELING WORST IS OVER.

Tien Tsieh, March 21.—All is quiet here today and the situation remains unchanged. The general feeling is that the worst is over and that the dispute of possession to title of the railroad siding will be amicably adjusted.

## APOLOGY SAID TO BE DEMANDED.

New York, March 21.—The Herald today prints the following dispatch from its correspondent at Tien Tsieh, dated March 20: After pulling out of the station yesterday afternoon, Count Von Waldersee's train was brought to a standstill by a phenomenal storm of dust, which has been blowing since Monday. Instead of proceeding to Peking, Count Von Waldersee was therefore compelled to return here for a fortnight. He refrains, however, from making any further efforts to adjust the Anglo-Russian conflict.

## SMALL AFTERNOON BLAZE.

The fire department was called to Fourth and Monroe at 3:30 this afternoon to extinguish a blaze in the roof of the Marrell property, occupied by Messrs Cunningham and Perrine. The damage was not great. It is the second time the house has caught fire within a few weeks past.

The Elks carnival is well under way and the headquarters of the committee on North Third is visited by many interested people every day. The booth space is being disposed of very rapidly. The following have engaged space: Ellis, Rudy & Phillips, Wallerstein, Weille, Friedman & Keller, Dreyfus & Weil, The A. B. C. Brewing association, St. Louis; Green & Son, Louisville; L. P. Balthaser & Co., C. M. Brunson & Co., D. J. Levy & Co., E. W. Bookman, Rhodes-Burford company, Geo. O. Hart, Jesse Gilbert, drugs, Dick Clements & Co. and The Arcade.

One of the features of the six days' carnival will be "music day." During the carnival there will be a band of 60 pieces, and one day will be set aside as "music day." Many of the musicians will be from Paducah, but there will be others from other places.

The committee is considering the advisability of a female band, and a rough riders' band. Both will be strong attractions.

Secretary A. C. Atkins, of Paducah lodge, will this evening go to Owensboro on business connected with the carnival. He will be absent only a few days.

The Elks meet tonight in regular session, and the executive committee will be able to report great progress in the carnival arrangements. All the booth space will be sold without difficulty.

## PUT UP OR BLOW UP.

EFFORTS MADE TO "HOLD UP" THE METROPOLIS HERALD.

The Metropolis Herald force is greatly perturbed over an anonymous communication, saying that if \$1,000 in a sack isn't left at Fort Massac for the writers, the office will be blown up with dynamite at 8 o'clock tonight.

The "Two Strangers" signed to it give as an excuse that they don't like what the paper has been saying.

It will be known tonight whether the letter is a joke or the product of some crank. It made a good item for the Herald, at any rate.

## CUTTING AFFRAY.

WALLACE STRICKLAND SLASHED ON THE JAW BY JOHN FOSTER.

A warrant was issued today for John Foster and Marshall Owen, colored, charging them with maliciously cutting Wallace Strickland, colored, on the cheek last night.

It seems Strickland gave a dance at Ninth and Hustons and wanted to put Foster out for disorderly conduct. It is claimed Owen held Strickland while Foster cut him. Owen was arrested and will be tried tomorrow, but Foster escaped.

## SKULL CRUSHED.

DEATH OF A GRAVES COUNTY MAN AT FULTON THIS A. M.

He is Supposed to Have Been Knocked From the Elevated Illinois Central Tracks.

Wm. McMaisters, about 40 years old, and a resident of Pysburg, Graves county, and a member of the county committee, was killed in Fulton this morning.

He was found near the Illinois Central elevated track about 2 o'clock with his skull crushed, and lived but two hours, never regaining consciousness. An examination revealed bruises on the back which indicated he was struck by a train and knocked from the tracks. As his watch and \$1,000 in notes were found on his person, the idea of robbery is not accepted.

An inquest was held and the remains were taken to Pysburg this afternoon for burial.

McMaisters was a wealthy tobacco buyer and stock man, and was in business in Pysburg. One dollar in cash and a check for \$35 are all that were found on him besides the notes and watch.

## GRATEFUL TRAMP.

STOLE A COAT AND IT WAS MADE A PRESENT TO HIM.

Judge Sanders Makes the Presentation Speech—One Other Petty Larceny Case.

Paul Cronenthal, a rather nice-looking tramp who said his home was in Philadelphia, was arrested last night for stealing an overcoat from a West End home.

He took the coat after receiving hospitality at the house. The owner, however, did not desire to prosecute. The prisoner informed the court this morning that he was cold and without money, and seeing the coat concluded he needed it worse than the owner and confiscated it.

Judge Sanders received word from the owner during court to please present the coat, which was quite a good one, to the tramp, and tell him it was hoped he would derive comfort from it.

The judge handed the coat over to the prisoner, made the presentation speech, and told him to go and sin no more.

The unfortunate fellow accepted it with good grace and walked out a free man.

The only other case on the docket was against Winston Bonds, colored, charged with stealing a bridle. There was no evidence against him and he was acquitted, claiming that he found the bridle.

Morehead Ky. Has a Fire Last Night That Came Near Destroying the Whole Town.

## ENGLISH STEAMER GOES DOWN AT SEA

Louisville, March 21.—The Daily Dispatch suspended publication today. The liabilities of the company are seventy-five thousand dollars with assets of thirty thousand. The Dispatch has been in bad shape financially for some time and the failure comes as no surprise. The paper was started several years ago as an organ for the silver wing of the Democratic party and to offset the Halldeman papers. For the past few years however it had been out of line with the majority of its party.

## ANOTHER BAD FIRE.

Morehead, Ky., March 21.—The entire town of Morehead was threatened with destruction for two hours last night by fire, but after hard work the blaze was gotten under control. The damage was three stores, two offices, one residence, and a barber shop burned to the ground. The loss is estimated at fifteen thousand dollars.
